

clay_feet_end_handler

```
graph LR; A[clay_feet_end_handler] --> B[spellClearFigureFlag]
```

A diagram showing a mapping from a function to a flag. On the left, a gray rectangular box contains the text 'clay_feet_end_handler'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'spellClearFigureFlag'.

spellClearFigureFlag
