

enlightenment_end_handler

```
graph LR; A[enlightenment_end_handler] --> B[default_end_handler]
```

The diagram consists of two rectangular boxes connected by a horizontal blue arrow. The left box is filled with a dark gray color and contains the text 'enlightenment_end_handler'. The right box is white with a thin black border and contains the text 'default_end_handler'. The blue arrow points from the right side of the left box to the left side of the right box, indicating a pointer or mapping relationship.

default_end_handler
